I'm assuming we're allowed to comment, since these aren't final.

Are you trying to compare the July 2017 & the June 2016 doc with OUST comments? I'll try & email you the comparison doc if it works.

Yes, you've been great about keeping everyone in the loop. However the priority level for the UST reg review seemed to be downgraded after you were reassigned.

Karen – I did send you the regulations around January 2015 – I've been attempting to compare with the recent document which is showing edits. Unfortunately, Word keeps crashing before it finishes.
